Post Study Prospects in Bangladesh

According to the High Commission of India in Bangladesh the Post Study prospects in Bangladesh are as follows:

Prospects of extension of visas for interns/job seekers.

Extension of visas of Indian students in Bangladesh are being facilitated by their respective College/University authorities.

Work related opportunities for students completing their graduation:

Most of the Indian students in Bangladesh are studying MBBS in Medical Colleges. While Bangladesh Medical and Dental Council (BMDC) provides registration to foreign students (like native graduates of Bangladesh), registered foreign physicians are allowed to “practice in Bangladesh, subject to work permit” as per BMDC official link: [“https://www.bmdc.org.bd/news-events/202210000001”](https://www.bmdc.org.bd/news-events/202210000001). However, this provision has been made by BMDC as per the requirement of the National Medical Commission (NMC) of India and actual work related opportunities for students post-graduation are absent in Bangladesh.
